**REQUEST FOR CORRECTED  
OFFICIAL FILING RECEIPT**

**Certificate of Mailing**

I hereby certify that this correspondence is being deposited with the United States Postal Service, as first class mail, in an envelope addressed to: Commissioner of Patents and Trademarks, Washington, D.C. 20231, on

April 19, 2001. By: [Signature]

Hon. Commissioner of Patents & Trademarks  
Washington, D.C. 20231

Sir:

We acknowledge receipt of the Official Filing Receipt for the above-identified application. However, there are two errors on the Official Filing Receipt (which are highlighted in yellow on the enclosed copy of same), which need to be corrected as follows.

The last name of the fourth inventor is wrong on the Official Filing Receipt; instead of "McCaffery", it should read --McCaffrey--.

The last name of the ninth inventor is wrong on the Official Filing Receipt; instead of "Herpes", it should read --Herps--.

Applicant notes the fee due in the amount of \$25.00, under 37 C.F.R. Section 1.19(h), since at least one of the above corrections is due to applicant's error. The calculated fee is to be charged to Deposit Account No. 500906 (Britax Intellectual Property Group).

Also, if, for some reason, applicant has not calculated a sufficient fee to prevent the abandonment of this application, please charge Deposit Account No. 500906 (Britax Intellectual Property Group) for any further fees which may be due. A duplicate copy of this document is enclosed for this purpose.

Accordingly, would you please correct your records and issue a corrected Official Filing Receipt.

Respectfully submitted,

WARN, BURGESS & HOFFMANN, P.C.

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

RECEIVED  
JUL -6 2001  
TECHNOLOGY CENTER 2800

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 36 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15 (b).

**PLEASE NOTE the following information about the Filing Receipt:**

- The articles such as "a," "an" and "the" are not included as the first words in the title of an application. They are considered to be unnecessary to the understanding of the title.
- The words "new," "improved," "improvements in" or "relating to" are not included as first words in the title of an application because a patent application, by nature, is a new idea or improvement.
- The title may be truncated if it consists of more than 600 characters (letters and spaces combined).
- The docket number allows a maximum of 25 characters.
- If your application was submitted under 37 CFR 1.10, your filing date should be the "date in" found on the Express Mail label. If there is a discrepancy, you should submit a request for a corrected Filing Receipt along with a copy of the Express Mail label showing the "date in."
- The title is recorded in sentence case.

Any corrections that may need to be done to your Filing Receipt should be directed to:
